

Rottterdam 26 Aug 1903.

Elder Gerrit C. Bernards.
Dordrecht.

Dear Brother: I feel to release you of your further Labors in the Dordrecht Branch, and call you to continue your further labors in the Hague Branch, under the direction of Elder Delbert E. Wilcox.

If possible it would be well if you could arrive in Den Haag about Thursday Sept 3rd and kindly let me know if you can leave at that time.

Elder Wilcox is a very energetic laborer and a agreeable young man to get along with, and has the spirit of his calling although his hollandese is not as good as it will be still he is getting along fine both in meetings & tracting & your vast experience in missionary work will be of great help in the Hague, since you left but few have been added and those we did have left for other spheres, so at present it is pretty thin. but we hope to see a revival in your Labors there together with those of Elder Wilcox.

Praying the Lord to bless you abundantly with his Spirit and crown your efforts with success. I remain your wellwishing Brother in Truth
